 - 10-27-22 noon Eastern District
 - 11-17-22 noon Eastern District
 - 12-22-22 canceled

Location: Eastern District Police Dept.

Attendees: (In person) Katie Wargo, Mindi Garrett, Denise Williams, Holly Frye and Stephanie Evans

(Virtual) Leslie Beers, Lousie and Chelsea Neil

Mindi gave an update for Justin Noel (who was unable to attend) on SADD and OMPP. As of now Justin has 8 schools who are interested in having a SADD program in their schools. He did an amazing job presenting to the teachers at Severna Park High School on Tuesday.

OMPP has one quarter on track.

Stephanie Evans hopes to set up a SADD chapter at Charity Careers in Annapolis through her daughter Hope.

Katie said our Elections for board members will be held at our September meeting. Katie presented a detailed description of each position. While the voting will be in September, the duties will not begin until January of 2023. Each term lasts for two years.

Katie gave a strategy update. She reminded everyone to "bring a friend" to the next meeting for capacity building. The next meeting will be held at Severna Park Community Center. It was suggested to hold our meeting there by Joy of Life Foundation since they are having a grand reopening and ribbon cutting that evening. Mindi suggested we invite the Compliance Award Winners to attend.

Katie hopes to get AACO Resource Management to speak at the meeting since very few people know what they really do. In addition to the evening meeting, Katie will still host a small meeting at Eastern District Police Station.

Katie thanked Holly Frye for the amazing job she did delivering the compliance awards and for taking time to speak to the pharmacist while giving out rack cards.

Mindi said the TIPS trainings are going extremely well and have improved.

Mindi said the "Listening Sessions" will start in September. Each session will last 60 to 90 minutes and each coalition will decide which \$10.00 gift cards they will be handing out as a thank you (Shell gas or Target). Mindi would like us to do a "practice" session run through to learn how to handle difficult or emotional clients. Each group should only consist of 6 to 25 people.

Katie gave an update on SOS. She shared the new curriculum. She said how well it was received at Severna Park High School on Tuesday and how well our presentation with Katie, Denise, Michele Fenner and Justin Noel went.

Denise suggested updating the video we made for Northeast High School. To make it more inclusive to all the issues addressed in SOS. Everyone agreed. Mindi suggested to ask "can we count on your help?" if a youth wants to be in the new video.

It was said that the SOS program and curriculum MUST get copy-written.

Katie said we have plenty of volunteer opportunities. Holly suggested sign up sheets with specific job details.

Mindi suggested extending the meeting time back to an hour and a half from an hour now that we are back in person.

Katie ended the meeting.
