

## WASP Monthly Coalition Meeting April 9th, 2024

This meeting was Virtual only.

Attendees - Katie Wargo, Justin Noel, Liz Walters, Ashley Ramsey, Loise Talifarro, Ameret Judah, Brian Washington, Debbie Tall

Justin Noel did a virtual Narcan training for everyone, which went well.

The training took up most of the meeting. After the training there was only time for updates.

Saturday May 11 from 10 to 2pm, AA Mental Health will be at Cat North for a mental wellness fair.

House of Addiction will be tabling around the county at various prevention fairs and events. Dates, times and locations TBA.

There will be a slide added to the Good Samaritan Law explaining what exactly "Good Faith Attempt" actually means. Most people don't know what it actually means.

Liz added a statement regarding Police Officer Body Cam Cameras.

They currently can't pull or use them in court for added protection.

Body cam's could be helpful when someone says "Officer I'm here in good faith" etc.

SADD planning committee meeting, Katie wants to make sure we use simple words and phrases like "be direct when talking to your kids", if your calling for help, do not miss out on an opportunity to save a life and please remember you do not have to provide personal information" (no identification for immigrants is important).
