

WASP Monthly Coalition Meeting Minutes March 12th, 2025

Attendees

Went live on Facebook for a Naloxone Class at House of Addiction.

Coordinator Katie Wargo went live at Marley Station with the Rivera Beach Fire Department and NHS SADD Students for a LIVE-ACTION Overdose Response Training.

This went extremely well. While I was speaking, we had “likes” and heart emojis sent, and comments were made. I also dropped the five steps in the comment section and information on receiving Naloxone kits if anyone wanted them, plugging Theron and Harm Reduction.

It was different, but our community could see the kind of work the coalition truly does.
